## **DIXIE-SOUTHERN, A STEEL PLATE/PIPE FABRICATOR ANNOUNCES NEWLY FORMED BOARD OF DIRECTORS.**

---

Duette, FL -- June 5, 2009 -- Triple S&P, Inc., dba Dixie-Southern a leading steel plate and pipe fabricator, today announced its newly formed Board of Directors. Dixie-Southern specializes in custom fabrication of large and heavy steel process components including ASME & AWWA code tanks and pressure vessels, panelized and refractory duct work, large diameter pipe, stacks, bins, hoppers, silos and other custom fabrications across a broad range of industries.

Dixie-Southern's new Board is well diversified, setting a stage for continued growth opportunities and comprised of industry veterans from large scale manufacturing, metals and processing, custom steel fabrication and private equity finance. "We have worked hard to create an effective Board of Directors that will help solidify our organization as one of the leading fabricators for our customers' respective industries throughout the United States," said Stan Kinnett, President and CEO of Dixie Southern. "Every member of our new Board is committed to the future success of this Company." The Board is comprised of the following members; Stan Kinnett - President and CEO of Dixie-Southern, Steve Lux - Managing Director of Stonehenge Growth Capital, Haynes Carswell - President of Direct Metals Company, Mark Brown - former CFO and Senior VP Global Sourcing of Whirlpool Corp. and Gary Claville - Advisory Director, former owner & President of Dixie-Southern Constructors, Inc.

Dixie-Southern continues a rich, 30-year history of quality, custom fabrication and occupies a 12-acre facility in Central Florida with convenient access to rail, barge and major interstates. Serving the power generation, water treatment, phosphate, chemical, pharmaceutical and manufacturing industries, Dixie continues to stand out as a leader and innovator in the custom fabrication of ASME code and non-code tanks, vessels, refractory duct work, large diameter pipe and other related fabrications.
